Subject: GAF/ELK Timberline® Prestique® 30

To Whom It May Concern:

It is our understanding you are inquiring about the discontinuation of the GAF/ELK Timberline® Prestique® 30 year shingles.

This is to confirm the GAF/ELK Timberline® Prestique® 30 year shingles were discontinued in 2010. Currently there is no direct replacement shingle available. The closest comparable GAF shingle would be the GAF Timberline HD shingles. As such, GAF does not recommend mixing current GAF products with existing GAF/ELK or ELK products.

If you have any further questions, please contact us at 800-766-3411.

Warm regards,

Maviel Andrade
