Subject: Do Not Mix - GAF Timberline® Shingles

To Whom It May Concern:

It is our understanding that you are inquiring about mixing GAF Timberline® Natural Shadow shingles with Timberline® HD/HDZ shingles on the same roof plane.

This is to confirm that GAF Timberline® Natural Shadow shingles must not be mixed with Timberline® HD/HDZ due to manufacturing, color, and granule sourcing.

If you have any further questions, please contact us at 1-800-766-3411.

Sincerely,

*Brittany Castillo*
